Evening Performance - Tuesday 28 August 2018 - 6.30pm

*Tickets are now available from the office for the performances.
Tickets are \$5 per seat.*

From the Principal's Desk

Ms Annie Munro

- ◆ It is all about safety - please only use the Disabled Parking spots if you have a registered "Disabled Parking" label in your vehicle. Our parking places have been labelled in accordance with regulations that support booking if police attend to this area.
- ◆ Double parking in Oak Street is not safe or legal. Please park and walk to collect your child/ren.
- ◆ Please use crossings on Oak Street. Walking out between buses does not set a good example of safe practice for children.
- ◆ Be patient in our back car park. It is a privilege for a school to have this facility.
- ◆ Students are only to leave the back area of an afternoon accompanied by an adult.

Quote: "Success is not final, failure is not fatal: It is the courage to continue that counts." – Winston S. Churchill.

Science...

This week is National Science Week, Australia's annual celebration of science and technology. The theme this year is *Game Changers and Game Makers*. During this week, each class will participate in science related activities. Ask your child what they did in class this week. Here is a science experiment to try at home. Please send in photos of your results to school via the school app.

Blowing up a balloon without blowing

You will need: A balloon, about 40 ml of water (a cup is about 250 ml so you don't need much), a soft drink bottle, a drinking straw, the juice from a lemon (or two tablespoons of vinegar) and three teaspoons of baking soda.

Directions: Stretch out the balloon. Pour 40 ml of water into the soft drink bottle. Add the baking soda, stirring with the straw until it is dissolved. Pour the lemon juice (or vinegar) in and quickly put the stretched balloon over the mouth of the bottle. If all goes well then your balloon should inflate!

Why does it work?

Adding the lemon juice to the baking soda creates a chemical reaction. The baking soda is a base, while the lemon juice is an acid, when the two combine they create carbon dioxide gas (CO_2). The gas rises and travels up through the neck of soft drink bottle, where it is trapped inside the balloon and blows it up.

+++++

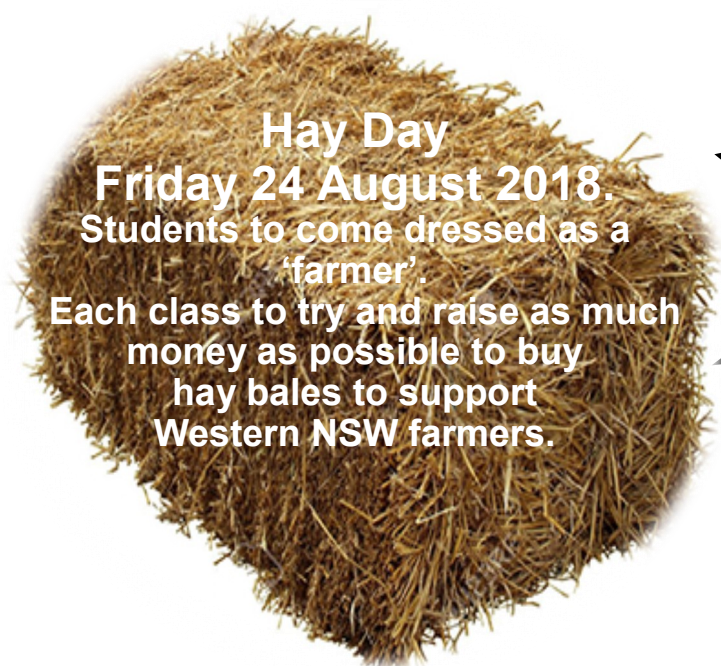

Knockout Touch

On Wednesday 8th August, the knockout touch teams played the next round against Dubbo South. Unfortunately we lost both games, however great sportsmanship was shown, with the girls even posing for a photo with the other team. Mr Williams and Miss Prout were extremely proud of their efforts.

Hay Day

Friday 24 August 2018.

Students to come dressed as a
'farmer'.

Each class to try and raise as much
money as possible to buy
hay bales to support
Western NSW farmers.

**Q: HOW DO OCEANS
SAY HELLO?
A: THEY WAVE**

**Q: WHAT DO YOU CALL A
BEAR WITH NO TEETH?
A: A GUMMY BEAR**

CLASS OF THE WEEK - 2S

Teacher: Miss Stoddard

Favourite class game?: Silent Ball

Most motivated students?: Tasmin and Phillip

Students who are always on time?: Summer and Ben

Who tell the most jokes in class: Leo and Quinten

What are you learning about this term?:

- *Push and pull in Science
- *A "Grease" dance for our performance
- *Publishing and researching on the computer
- *2's, 3's, 5's and 10's times tables
- *Persuasive writing

Dream excursion?: Fly in a plane to Disneyland

Is there anything else you want us to know about your class?:

2S stands for "Too Spectacular" We have amazing artworks!

2S enjoying creating dragonfly artwork.

Student of the Week - Ryan Edwards

Class: Kinder Red

- ◆ If you had three wishes what would they be? To fly, to have a big slide and to have a pet giraffe.
- ◆ What is your favourite subject and why? Maths because I like numbers.
- ◆ When you grow up what do you want to be? A police man.
- ◆ What is your favourite thing about OHPS and why? My friends because they play with me.

SRC TIP OF THE WEEK

Love changes everything so fill the world with it!

ABORIGINAL EDUCATION COLUMN

ART

The aboriginal art includes sculpture, rock and bar paintings, beadwork and baskets. Painting on the bark is the oldest form of aboriginal art, but some of these paintings have perished over time.

WORD OF THE WEEK
Jarjum- this means child

Healthy Lunchbox Tips

"Not another sandwich!"

If your child is sick of sandwiches, try wraps, English muffins or rolls to break the monotony, or you can pack leftovers (stored in a cold lunch box). Cooked fritattas and quiches can also make good alternatives, and can go straight from your fridge or freezer to their lunchbox.

TRY TO INCLUDE:

WATER! Water helps to keep your child hydrated all day. Freeze on hot days to keep the lunch box (and your child) nice and cool.

P&C News

Father's Day Stall Thursday 30 August 2018 from 9 -11:00am. Helpers are needed for the stall on from 9 -11am.

A BBQ will be available for families before the evening performance of Musical Mayhem on Tuesday 28 August 2018 from 5 - 6:00pm. Helpers are needed to assist with the BBQ.

Please contact the P and C if you are able to assist. Send us an email at oranaheightspublicschool@pandcaffiliate.org.au
